

SUV GX6

SUV GX6

Gonow's SUVs include SUV GX6, SUV Jetstar, SUV New Jetstar, with powerful engines, competes all against all the new SUVs of making in China, Gonow SUV was completely redesigned for the 2006 model year, we learned more from new international model, Gonow SUVs GX6, Jetstar, New Jetstar, have new steering, new style, new suspension, and new brakes, all of which were vastly improved over the previous-generation. New SUVs of Gonow is stronger and quieter than previous SUVs of China, and more comfortable, driving better. The seats fold flat for taking break, and the interior is roomy, More important, it's a much safer

All SUVs of Gonow offer a smooth ride and decent handling for such big, heavy SUVs. With Mitsubishi 4G64 Multi-point EFI Gasoline Engine , the SUVs of Gonow are rated to tow and carried up to thousands pounds. And they have earned the best possible impact protection of China government's crash tests, black mat front bumper has inner support to improve the impact resistance. Black painting around car body is showing noble, luxurious genuine leather seats only can be found in luxurious cars, but you can have them when you own a SUV, GX6.big screen DVD with hi-stereo 4 speakers. The sound is like in music stadium. The back radar and thermometer have been installed. SUV GX6 give you more than off-road driving, it is life partners.
